

Project 1: Statistical Consulting of Recruitment Database

Purpose

Project Introduction

Submission

- A draft report will be due
- This report will be graded and returned to you with suggestions for improvement.
- You will present your findings with the client on Monday 3/7.
 - Your group will have roughly 7 minutes to present.
 - Send me your final version before 3/7/16 at noon I will print copies for the class.
 - * You can email this to me directly or upload it via BBLearn.
 - * Otherwise you are responsible for printing out 15 copies (one for each of 13 students + me + client).

Peer Feedback

You are expected to pay attention to the other groups presentations and ask relevant questions during the presentations.

You are asked to write constructive comments, suggestions for edits and general feedback on the paper report itself. You will turn in this paper report to me by Friday 3/11, 4pm. I will review the comments and return copies to the original group members.

Grading

This project and will be worth 50 points. Your overall project grade will be determined by the actual report (80%), your presentation (10%) and your peer review (10%).
